

EMPLOYEE ENGAGEMENT SURVEY

Ignite Engagement - Improve Performance—Retain Employees

Our recently updated survey taps the wealth of information available from your "internal consultants" and provides management with targeted, actionable data that will lead to significant improvements in your organization's business results.

The Benefits of Conducting an Employee Engagement Survey

- Send a positive message that you are committed to improving the functioning of the organization, and help to retain valuable employees
- Uncover great ideas for reducing inefficiencies and increasing quality, safety, productivity, sales, and customer satisfaction
- Reveal employees' concerns about the health of the organization and the effects recent changes have had on its workforce, which can be valuable in planning for future success
- Identify groups of engaged, partially engaged, and disengaged employees, so you know where to focus your attention to improve performance

Our survey will benchmark your employees' levels of satisfaction to normative data in the following categories:

Executive Leadership; Supervisory Effectiveness; Communication; Pay; Benefits; Operational Efficiency; Organizational Practices; Work Life Satisfaction; Employee Development & Recognition; Employee Commitment.
